Game on! Sports camp for children ages 3 and up, including yoga, Kiddokinetics, karate, and Boomer Ball, can be found on page 33.

3D VOICE PUBLIC SPEAKING COED, ENTERING GRADES 5 - 8

Be bold! Say it! You have something really important to say. Coretta Turner, creator of 3D voice, will help you deliver your message. Overcome your fears and become more confident as you learn to express your creativity and the things that are important to you through the basics of public speaking and storytelling. Check out other students who have become more confident speakers at www.youtube.com/user/3DVoice3DDiscovery.
Session: VOICE2 July 14 - 18 12:30 - 3:30 \$200

ALLAKAZZAM MAGIC CAMP COED, AGES 8 - 14

Young Allakazzamers will learn the history of magic, as well as how to make and present their own magic shows, and how to

understand the scientific principles behind their projects. Paul Osborne, a professional illusionist that works with all of the world's greatest magicians, will teach this year's Magic Camp. At the end of the camp students will get to take home a giant Allakazzam Magic Kit worth more than \$100.

Session: ALLAKAZZAM August 4 - 8 1:00 - 4:00 \$200

ART THROUGH EXPLORATION COED, ENTERING GRADES 3 - 5

In Art Through Exploration, taught by local artist and ESD Beginner teacher Ann Jackson, campers discover art using various materials in a studio-based environment. Subject matter varies upon individual. Using the work of various artists and the natural environment of the ESD quarry as a provocation, students learn to develop their own inspirations. With an array of art materials, campers problem-solve to bring their unique ideas and expressions to life. This approach to teaching art allows campers to create meaningful and authentic artwork in a nurturing environment. This is primarily a 2-D class, focusing on drawing, painting, and compositions. (Campers will not be working in clay.) Please send campers with a water bottle, snack, and dressed in old clothes because, let's face it, art can be messy.

Session 1: ART1 June 16 - 20 9:00 - 12:00 \$225

Session 2: ART2 June 23 - 27 9:00 - 12:00 \$225

ASTRONAUT TRAINING, MOON MISSION 2014

COED, AGES 5 - 11

Construct your own electric powered mini moon buggy, and then join forces to build a life-sized replica of your moon mobile. Help design intergalactic experiments, munch on real astronaut food, and build your very own rocket, complete with a take-home launching system.

Session: July 7 - 11 Register at www.destinationscience.org

BABYSITTING CERTIFICATION COED, AGES 11 - 17

Learn how to be a safe, responsible, and great babysitter. Students will not only learn the ins and outs of babysitting, but also get certified in CPR and first aid. The course is taught by instructors from, "It's Breathtaking."

Session 1: BABY1 May 30 9:00 - 12:00 \$75

Session 2: BABY2 August 8 12:00 - 3:00 \$75

CAMP INVENTION COED, ENTERING GRADES 1 - 6

The Episcopal School of Dallas is pleased to offer the nationally-acclaimed "Camp Invention" program to children entering grades one through six. It is an exciting, weeklong adventure in science, technology, engineering and math (STEM) that is all about big ideas. Children will work together to seek innovative solutions to real-world problems and sharpen critical 21st century learning skills as they rotate through four modules that reinvent summer fun. This unforgettable week begins on July 21, when ESD's Emily Romprey will direct the Camp Invention MORPHED!™ program.

In the *Super Go™* module, students design a small, motor-powered vehicle that zooms! Girls and boys will collect energy coins along the way for building ramps, bridges, and tunnels for the Super Go Road Rally.

Participants will receive personalized challenges from National Inventors Hall of Fame Inductees that will ignite a spirit of creativity, innovation, and entrepreneurship during the *Design Studio: Morphed™* module.

Throughout the *Amplified™* module, children invent bionic gadgets while journeying to acquire superhuman senses. Time will be spent encountering illusions and discovering if they are a supertaster.

Finally, Camp Invention's flagship module, *I Can Invent: Pinbug™*, allows participants to use tools to up cycle electronics and build an epic, insect-themed pinball machine!

Session: INVENTION July 21 - 25 9:00 - 3:00 \$300

CHESS ANYONE? COED, ENTERING GRADES K - ADULT

Join Mr Baez, a Master level instructor, for an educational and fun week of chess. Learn the basics of chess from notating a game of chess, to the more intricate devices (tactics). Simply put, learn how to beat your dad or mom at chess.

Session 1: CHESS1 Parent and Child June 2 - 6 9:00 - 10:30 \$120 for both

Session 2: CHESS2 Grades K - 8 July 7 - 11 9:00 - 12:00 \$200

Session 3: CHESS3 Grades K - 8 July 14 - 18 9:00 - 12:00 \$200

COMPUTERS FROM THE INSIDE OUT COED, AGES 9 - 14

Have you ever wondered what is going on inside your computer? Open one up and find out! Work with ESD's Ben Bray to take apart a computer and put it back together again. You will learn about all the parts and pieces in the process. We will give you a 5-year-old computer that you will upgrade to run with a new installation of Windows 7 Professional, that you will then get to take home with you. This camp is limited to six students.

Session: CIO June 9 - 13 12:30 - 3:30 \$325

COMPUTER GAME DESIGN COED, ENTERING GRADES 6 - 8

Come learn the fundamentals of digital storytelling, game development, and programming using GameMaker. During this camp, students will create interactive animations and games. Projects will include adding sounds and original artwork, while students also will learn the basic concepts of computer programming (decision structures, loops, etc.), utilize their logical-thinking and problem-solving abilities, and have a lot of fun!

Session: DESIGN June 9 - 13 9:00 - 12:00 \$235

CURIOUS CREATURES AND THE "GROSSOLOGY" ZONE

COED, AGES 5 - 11

Create and train your very own electric-powered walking chameleon. Discover deep sea, prehistoric, and extreme survivors, then enter the "grossology" zone and explore everything from human brains to pus, bacteria, scabs, and your DNA.

Session: July 28 - August 1 Register at www.destinationscience.org

DESTINATION SCIENCE COED, AGES 5 - 11

Destination Science kids enjoy those "ah ha" moments! From techno detectives to robots, from sunshine to sound machines, we provide a fun, safe, and unique environment to stir Destination Science. Kids will explore, create, and take home their own science gizmos and gadgets. The camps are for students ages 5 - 11 and run Monday through Friday from either 9:00 - 12:00 or 9:00 - 3:30. For more information, visit www.destinationscience.org or call (888) 909-2822 or email info@destinationscience.org.

This year's camps include: Astronaut Training Moon Mission, Curious Creatures and the Grossology Zone, Robot Mania and Mysterious Techno Detectives, and Rocking Gizmos and Rocking Gadgets. Descriptions and dates of each camp are included within the division descriptions.

DIGITAL BRANDING FOR STUDENTS COED, ENTERING GRADES 8 - 12

Want to learn how to set yourself apart from others on the web? Learn how to create a digital portfolio, show up in Google search results, and build your own brand online. Having a digital presence could help you get into one of your favorite colleges or land that first job!

Session: BRANDING August 11 - 15 12:30 - 2:30 \$130

DIGITAL PHOTOGRAPHY WORKSHOP

COED, ENTERING GRADES 7 - ADULT

In this workshop, you will learn how to properly expose, download, and edit your digital photographs like a pro. ESD's George Fiala will show you how to transform your images into beautiful works of art by using Adobe Lightroom and Photoshop. Learn how to shoot color and black and white in this course. Several professional photographers and their images will be studied as well as a documentary film. Computers and software will be provided by ESD, but the student or adult must provide cameras. Digital SLR cameras with raw file capability are recommended.

Session: PHOTO June 2 - 6 12:30 - 4:30 \$350

FASHION DESIGNER GIRLS, AGES 8 - 12

Young girls will graduate from playing dress up to designing their own fashions. Design principles in the areas of sketching, color and pattern coordination, costume design, and fashion history will be applied to their individual style. Designs come to life with beautifully patterned papers, yards of ribbon, colorful sequins, glitzy jewels, glamorous feathers, and oodles of other embellishments. Girls will be grouped into Design Teams for a variety of fun and engaging activities such as a White Wedding, Fashion Show-Down, and much more! No sewing in this class. This camp is taught by an instructor from Fast Forward Kids.

Session: FASHION July 7 - 11 9:00 - 11:00 \$130

FLYING INTO SIXTH GRADE SUMMER READING

COED, ENTERING GRADE SIX

This one-week class will help rising ESD sixth graders get a jump-start on their required summer reading and hone important skills in reading comprehension and note-taking, as well as the use of graphic organizers. ESD English teacher, Lisa Chapman, will teach this class.

Session: FLYING6 June 2 - 6 9:30 - 11:00 \$125

GAMING UNPLUGGED COED, ENTERING GRADES 5 - 12

Join ESD teachers and gamers Chris Steele and Scott Goetsch to see how much fun the world of modern board-gaming can be. The morning session will focus on fun, physical games, and board and card games students play with their friends. Among other games, students will knock out each other's chickens in Loopin' Louie, knock down walls with Crossbows and Catapults, and flick cars past them in PitchCar. Students will also team up with camp-mates to cure the world from a Pandemic, save treasures from the Forbidden Island, and defend their castles from Ogres and Trolls.

Afternoon sessions will focus on strategy. Students will look at classics like Risk, and also explore many new mechanics including auctions, roundels, variable player powers, variable player turn orders, and victory points. They will have a chance to play most of the top-rated board games in the world like Agricola, Puerto Rico, Powergrid, Race for the Galaxy, Ticket to Ride, Betrayal at the House on the Hill, Sucking Vacuum, Carcassonne, Dominion, and Eminent Domain. Questions? Please email Mr. Goetsch (goetschs@esdallas.org) or Mr. Steele (steelec@esdallas.org).

Session 1: GAMING1 June 2 - 6 9:00 - 11:30 \$225

Session 2: GAMING2 June 2 - 6 12:30 - 3:30 \$225

Session 3: GAMING3 June 9 - 13 9:00 - 11:30 \$225

Session 4: GAMING4 June 9 - 13 12:30 - 3:30 \$225

GETTING A HANDLE ON MIDDLE SCHOOL

COED, ENTERING GRADES 5 - 6

This summer program helps students acclimate to the academic programs in ESD's fifth and sixth grade

curriculums.

Topics covered

include an

introduction to online

communication, summer

reading, how to utilize the

Gill Library, research skills, use of

graphic organizers, math review, and

science skills. In addition to their classes,

students will participate in social activities,

including a Friday field trip with a curricular tie.

Session: MSHANDLE June 16-20 8:00 - 3:00 \$285

GIFTED AND TALENTED EXPRESSIONS

COED, AGES 8 - 12

This program is designed for students who display higher order thinking skills and plan, create, and construct a series of projects while exploring new challenges daily. Discover left and right brain experimentation, and sharpen visual and auditory skills. Using various materials, students will create unique projects, including a picture scrapbook, a super hero comic strip, artwork, jewelry, and fashion creations that express the real you! This course is taught by an instructor from Fastforward Kids.

Session: GIFTED June 23 - 27 11:30 - 1:30 \$130

INTRODUCTION TO CHINESE

COED, ENTERING GRADES 1 - 6

As China's role in the global market increases, learning Chinese is not only a fun way of learning a new culture, but also beneficial for future success. This one-week course will introduce Pinyin, a method of using the English alphabet to form Chinese words, Chinese culture and traditions, basic greetings, and commonly used words. The course also builds the foundation for Chinese I. The emphasis is on learning, but we have fun!

Session: CHINESE August 4 - 8 1:00 - 3:00 \$160

INTRODUCTION TO SPANISH I COED, ENTERING GRADES 8 - 12

This one-week course will focus on the four skills involved when learning a foreign language: reading, writing, listening, and speaking. Special emphasis will be given to memorizing the alphabet and the correct pronunciation of words.

Session: IS1 August 4 - 8 1:00 - 3:00 \$160

KEYBOARDING COED, ENTERING GRADES 5 - 8

This is a course for Middle School students who wish to improve their keyboarding skills. While working to increase speed and accuracy, students will learn correct finger placement, posture, and movement.

Session 1: KB1 Grades 6 - 8 August 4 - 8 8:30 - 10:30 \$160

Session 2: KB2 Grades 5 - 8 August 4 - 8 12:30 - 2:30 \$160

LEGO EXPERT COED, AGES 8 - 12

So you say you have done it all with Legos? Let Lego Expert teach you otherwise with activity-based projects that incorporate physical science and math all into one. Instructors will facilitate, but students will do the creating! Give your creation the most torque and battle in robotic tournaments! Real world team building activities will enhance their engineering skill sets. Race against the clock and other teams to be the best Lego expert around! This course is taught by an instructor from Fast Forward Kids.

Session: LEGOEXPERT July 7 - 11 2:00 - 4:00 \$130

LEGO ROBOTICS WORKSHOP COED, ENTERING GRADES 7 - 8

Ready for some robofun? Build an autonomous robot using LEGOs. Attach a light sensor and program your bot to follow a line. Add touch sensors to

help your bot avoid walls and other obstacles. Students will be introduced to the FLL (First Lego League) competition rules, missions, and theme for this year's competition. Classes will be taught by ESD's Cassie Nutter.

Session 1: ROBO1 August 4 - 8 9:00 - 12:00 \$230

Session 2: ROBO2 August 4 - 8 12:30 - 3:30 \$230

LOOK AT ME, I'M AN AUTHOR! COED, AGES 5 - 12

Whether your child struggles in writing or loves it, they will enjoy this class! This class is designed for all levels of writing, whether they are just learning how to make a sentence or write a short story. The scaffold instruction will make writing fun and not laborious, as it sometimes can be. Although grammar will be touched upon, the main focus is writing with voice in all genres from descriptive, narrative, and informational. Making readers laugh or think will be the goal for all their writing. By the end of the week, your little one will be so proud of their writing you might want to buy some frames to showcase the author's work! This course is taught by an instructor from Fast Forward Kids.

Session: AUTHOR June 23 - 27 2:00 - 4:00 \$130

MAKING MOVIES! COED, ENTERING GRADES 5 - 8

Lights! Camera! Action! Learn to shoot video using an iPad! Students will edit their raw footage on the computer and add titles, sounds, and other special effects. On the last day, they will pull up some chairs, grab some popcorn, and enjoy the movies! Movies are more fun with lots of characters, so ask some friends to sign up, too!

Session: MOVIE June 16 - 20 8:30 - 11:30 \$230

MAKING POTTERY ON THE POTTER'S WHEEL

COED, ENTERING GRADES 5 - 12
Have you ever wanted to try the potter's wheel? Now is the time! Spend a week with ESD's Barbara Brault making pots on the potter's wheel. Students will spend the first five days of camp making pots on the wheel, and then glazing their work in the final three days. Old clothes a must!

Session:
POTTERY June 2 - 11 10:00 - 12:00 \$250

MATH TUNE-UP 5, 6

COED, ENTERING GRADES 5 - 6

This is a five-day workshop focusing each day on one or two concepts. MT5 will work on multiplication, fact review, division, decimals, fractions, and place value. MT6 will work on decimals, fractions, ratios, probability, beginning algebra, area, perimeter, and volume. The focus is review of concepts in preparation for the new school year. The course is designed for students who have encountered difficulties in math during the school year.

Session 1: MT5 Grade 5 August 4 - 8 8:30 - 10:30 \$160
Session 2: MT6 Grade 6 August 4 - 8 10:30 - 12:30 \$160

MATH TUNE-UP 7

COED, ENTERING GRADE 7

This is a five-day workshop that will focus on several concepts each day. MT7 will work on decimals, fractions, decimal/ fraction/percent conversions, mental math, absolute value, and beginning algebra. The class will review concepts in preparation for the new school year, and the course is designed for students who have encountered difficulties in math during the previous school year.

Session: MT7 August 4 - 8 8:30 - 10:30 \$160

MATH TUNE-UP 8

COED, ENTERING GRADE 8

This is a five-day workshop that will focus on several concepts each day. MT8 will work on multi-step equations, the distributive property, exponents, absolute value, and polynomials. The class will review concepts in preparation for Algebra IA, and the course is designed for students who have encountered difficulties in math during the

previous school year.

Session: MT8 August 4 - 8 10:30 - 12:30 \$160

MRS. MCVEIGH'S MANNERS

COED, AGES 6 - 11

Does your child need to improve his or her manners and like having fun? Then send him or her to a Mrs. McVeigh's Manners camp! This unique and original curriculum will cover traditional topics like meeting and greeting and setting the table, and non-traditional such as how to stop a bully, good sportsmanship, and being a polite spectator. Kids love the role-playing, our worksheets, and games! See why hundreds of parents have been so delighted with how much their children retain with the Mrs. McVeigh's Manners program! Children need to bring a lunch and a napkin each day.

Session 1: MANNERS1 June 9 - 13 9:00 - 12:00 \$200

Session 2: MANNERS2 June 16 - 20 9:00 - 12:00 \$200

PAINTING ACRYLIC MASTERPIECES

COED, AGES 7 - 12

There is an artist in everyone! During this weeklong class we will recreate some of the greatest paintings from artists such as Van Gogh, Matisse, Picasso, and more. Every day, students will learn about a different master and take home a completed acrylic painting. Instructor is Melanie Brannan, graphic designer, fine artist, and teacher at Painting with a Twist in Dallas and Flower Mound.

Session 1: ACRYLIC1 June 9 - 13 1:00 - 4:00 \$250

Session 2: ACRYLIC2 August 4 - 8 1:00 - 4:00 \$250

ROBOT MANIA AND MYSTERIOUS TECHNO DETECTIVE

COED, AGES 5 - 11

Enter the Robot Lab where you can construct your robot from the ground up and then test the design in the ultimate battle and race-arena. Mystery at the museum, magnificent magic, and missing jewels...Who done it?

Session: July 14 - 18 Register at www.destinationscience.org

ROCKING GIZMOS AND ROLLING GADGETS

COED, AGES 5 - 11

Find out how sound waves and electricity become music to your ears as you build your very own rock 'n' roll, digital music system that goes anywhere you go. Get the ball rolling while you experiment with gears, levers, and wacky contraptions.

Session: July 21 - 25 Register at www.destinationscience.org

RUNWAY FASHION EXPERT DESIGNER

GIRLS, AGES 8 - 12

Ever wonder how the latest fashion trends for teens get started? It all starts with imagination and a sketch. By learning key principles of color coordinating and patterns, teen fashion design will not only be made easy, but fun! Awaken new levels of creativity used by today's

hottest starts like Selena Gomez and Zendeya!

This class offers unique challenges, and lets students take home their creations the same day they make them! If Paris and New York are in your future goals, this is the class to take! This camp is taught by an instructor from Fast Forward Kids.

Session: RUNWAY July 7 - 11 9:00 - 11:00 \$130

STUDY SKILLS AND LEARNING STRATEGIES WORKSHOP

COED, ENTERING GRADES 5 - 8

This course is designed to help students achieve academic success by being exposed to various study skills. Topics include organization, learning styles, homework, time management, stress management, note taking, concentration, memory, test preparation, taking tests, and more.

Session 1: STUDY1 Grades 7 - 8 August 11 - 13 8:30 - 11:30 \$160

Session 2: STUDY2 Grades 5 - 6 August 11 - 13 12:00 - 3:00 \$160

STYLE + STAR + SHOW, FASHION SHOW PRODUCTION AND MODELING

GIRLS, AGES 11 - 16

Harriet Kelly Gibbe, award winning fashion producer, brings her 15 years of fashion show production and modeling to ESD for the summer. Students will learn the secrets behind the scenes of a fashion show by producing and modeling in their own fashion production. Students will also learn how to model, produce, style (select runway clothes), design hair and make-up, pick music, and direct the fashion show.

Session 1: MODELING1 Ages 11 - 13 August 11 - 15 10:00 - 12:00 \$200

Session 2: MODELING2 Ages 14 - 16 August 11 - 15 12:30 - 2:30 \$200

STYLIST'S CAMP

GIRLS, AGES 11 - 16

Discover what stylists do, why it's so much fun, and why it's the fastest growing profession in fashion. Learn from the pros about how to design and build mood boards, fashion tips and tricks for every season, and wardrobe fundamentals for your age and style!

Session 1: STYLIST1 Ages 11 - 13 August 18 - 22 10:00 - 12:00 \$200

Session 2: STYLIST2 Ages 14 - 16 August 18 - 22 12:30 - 2:30 \$200

SUMI-E PAINTING & CALLIGRAPHY WORKSHOP

COED, AGES 12 - 18

This is an introductory course to the classic painting style of Japan where students will learn the basic brushstrokes needed to paint a variety of elegant trees, flowers, and

animals. Have fun incorporating calligraphic text into your compositions in this half-day workshop. This camp is limited to 18 students.

Session: SUMIE June 16 9:00 - 1:00 \$125

SURVIVAL TACTICS BOOT CAMP COED, AGES 8 - 12

Wrapped in games and adventure, unique challenges await you. During survival situations, the four basic needs become shelter, water, fire, and food. By introducing basic techniques, your child will learn how to purify water, signal for help, search for edible food, set up shelter, learn Army chants, plus much, much more! Team Survival games will keep the training light and fun! Designed for children 8-12, this class is essential for kids who like to work and play rough! Enlist now before it's too late!

Session: Survival July 7 - 11 9:00-11:00 \$130

THEATER FUN AND GAMES COED, AGES 8 - 11

Are you a future star? Do you see yourself performing under the lights? In this fun and interactive class taught by critically acclaimed comedian and teacher, Andy Long, you will find yourself participating in theater activities that will stretch your imagination and keep the audience laughing. We will learn the basics of acting and dramatizing stories filled with fantastic characters and exciting adventures.

The fun awaits you!

Session: THEATER July 28 - August 1 9:00 - 12:00 \$225

WRITING WORKSHOP FOR MIDDLE SCHOOL STUDENTS

COED, ENTERING GRADES 6 - 8

This workshop encourages students to embrace their inner writer by engaging in the writing process, including finding topics, pre-writing, drafting, editing, and polishing. Inspired by non-fiction selections that trigger their own important memories, students draft their own personal essays and poems. Applying some mini-grammar lessons on punctuation and usage, students then shape their drafts into finished pieces. Upon completion of the course, students receive an anthology of the works they have penned, realizing that writing is truly a labor of love!

Session: WWMS August 4 - 8 1:00 - 3:00 \$160
